

CEO Update

Runnymede Healthcare Centre Receives \$6.27M In Funding To Open Remaining Beds

Connie Dejak, President & CEO, Runnymede Healthcare Centre

I am delighted to announce that on July 14, 2011 the Ministry of Health and Long-Term Care approved an additional \$6.27M in operational funding for Runnymede Healthcare Centre (RHC). This funding will enable our hospital to open new Patient Care Units bringing the hospital's total capacity to 200.

This announcement has placed RHC at the forefront of meeting the needs of those requiring our specialized services. The funding received will allow our hospital to open much needed Complex Continuing Care beds and provide an enhanced level of care.

RHC's increased capacity will also alleviate system pressures by working with health service providers to reduce hospital wait times and allow access to hospital services when needed.

This is a very exciting time for our hospital and as we prepare to open our remaining beds, a dedicated recruitment drive begins. Our interprofessional team are poised and excited to meet this new challenge and provide specialized care to even more Ontarians.

For more information about our new beds please contact communications@runnymedehc.ca

RHC Strategic Plan 2011-2014

RHC launched its 2011-2014 Strategic Plan on June 29, 2011. This document defines the Hospital's strategic directions for the next three years which include: Operational Excellence, Growth and Relationships.

Strategic directions guide the Hospital towards achieving its mission, vision and values by setting priorities for future investment and growth.
