## RUNNYMEDE CELEBRATES LIKE THE IRISH

Runnymede Healthcare Centre patients and their families, along with staff and volunteers, marked St. Patrick's Day with a rousing celebration on Thursday, March 17th. All joined together for dancing, green punch, snacks and uplifting music courtesy of Irish Jubilee. This annual event, which has been happening at the centre for 30 years now, is organized by Runnymede's Activation Team. The team works to ensure patients are able to enjoy social and recreational activities, which aids in their recovery and well-being.
