SCOTIABANK SHOWS SUPPORT

Runnymede Healthcare Centre's (RHC) volunteer program got a huge boost when Scotiabank representatives arrived on March 29th with a \$90,000 donation. Connie Dejak, president and CEO, was all smiles as she led visitors from the bank on a tour of the new hospital facility. Ms Dejak noted that volunteers contribute their time, talent and skills on an ongoing basis to support the interprofessional team in delivering key patient programs that really distinguish them. Scotiabank's donation will assist their volunteers in maintaining this level of support and enhancing the day-to-day lives of RHC patients. For information, visit runnymedehc.ca
